

Advantages

- Perfect quality of the products
- Real 1:1 alternatives with favourable conditions
- Standard products ex stock
- Custom made products available within a short time even in small quantities
- Fair pricing policy
- Immediate reply to your inquiries
- Competent contact persons

FREQTECH is a manufacturer of frequency control products, like Quartz Crystals, Oscillators and Resonators in highest quality.

TCXO & VCTCXO

FREQTECH offers a wide range of TCXOs and VCTXOs for your Applications.

- All popular package sizes, SMD
- Frequency range from 1MHz to 800MHz
- Supply voltage from 2.8V to 5.0V

Custom Made Products

FREQTECH produce Quartz Crystals and Oscillators upon your request. Just provide us with all suitable specifications:

- Package Size
- Frequency
- Frequency Stability & Temperature Tolerance
- Operating Temperature
- Supply Voltage
- Output Load
- Special Requirements like Jitter, Symmetry etc.

FREQTECH Crystals

Products

- Quartz Crystals
- Timing Devices
- Resonators
- Oscillators
- MEMS Oscillators
- VCXO
- TCXO
- VCTXO

VCXO

FREQTECH offers a comprehensive range of VCXO with a wide capability.

- All popular package sizes, SMD and THT
- Frequency range from 0.75MHz to 800MHz
- Supply voltage 3.3V and 5.0V
