

PENNY+GILES is a manufacturer of linear and rotary position sensors; LVDT and RVDT transducers; joystick controllers; studio faders; digital panel meters; and solenoid actuators for a wide range of industrial motion control applications. SELATEC Electronic is your partner for Video Controllers & Audio Faders.

#### Linear Manual Fader - PGF3000

PENNY+GILES PGF3000 Series linear manual faders offer the ultimate in performance, having been designed for demanding professional applications.

#### Professional Crossfader - PGFX3000

PENNY+GILES controllers are the premier choice for the world's leading sound and vision console manufacturers, and are considered the benchmark for quality and reliability.

#### Linear Manual Fader - PGF8000

Combining innovative design with carefully selected materials, the PGF8000 series fader provides the features and reliability that you expect from a PENNY+GILES product.

## PENNY & GILES

### Audio Fader & Video Controller

#### Linear Motorised Fader - PGFM8000

Combining innovative design with carefully selected materials, the PGFM8000 series fader provides the features and reliability that you expect from a PENNY+GILES product.

#### Linear Motorised Fader - PGFM3200

The Penny + Giles PGFM3200 linear motorised fader is designed to provide a servo output with integral touch sense pathway.

#### Digital T-Bar Video Controller - PGF5000DIGITAL

The PENNY+GILES Digital T-Bar video controller incorporates a high quality optical incremental encoder, generating two channels of quadrature output at 256 cycles per channel.

DISTRIBUTOR**

#### Analog T-Bar Video Controller - PGF5000ANALOG

PENNY+GILES ' Analog T-Bar video controllers provide excellent performance and reliability for video switchers, mixers and effects generators.

#### Linear Motorised Fader – PGFM9000

The PENNY & GILES PGFM9000 Series linear motorised fader builds on the reputation and strengths of the 3000 Series fader. With an innovative design that provides improved environmental protection, the robust PGFM9000 Series fader continues the long-standing Penny & Giles tradition of excellence.
