

COMCHIP Technology Corporation is a SMD diode specialist with innovative design and leading edge manufacturing process. COMCHIP's products are synonymous with quality and dependability at competitive pricing.

Applications

- Automotive & Transportation
- Industrial
- Medical
- Consumer
- Military & Space
- Networking & Communication
- Optical
- Security/Surveillance Video (HD)

Switching Diodes

- Switching Diodes Array
- Small Signal Switching Diodes

ESD Diodes

- ESD Suppressor Array
- ESD Suppressor Diodes

Schottky Diodes

- Schottky Barrier Switching Diodes
- Schottky Barrier Rectifiers Diodes
- Low VF Schottky Diodes
- Small Signal Schottky Diodes

COMCHIP Semiconductors

Rectifiers

- Halogen Free Efficient Fast Recovery Rectifiers
- Efficient Fast Recovery Rectifiers
- Fast Recovery Rectifiers
- General Purpose Rectifier
- Super Fast Recovery Rectifiers
- Ultra Fast Recovery Rectifiers/High Efficiency Rectifiers

TVS Diodes

- TVS Array
- TVS Axial Lead
- TVS

**AUTHORIZED
DISTRIBUTOR**

Transistors

- Regulators
- General Purpose Transistors
- Small Signal Transistors
- Halogen Free Transistors

MOSFETs

- MOSFET

ZENER

- ZENER Diodes

Bridge Rectifiers

- Bridge Rectifiers
- Halogen Free Bridge Rectifiers
