

GEYER ELECTRONIC is a manufacturer of frequency products like quartz crystals, oscillators, and ceramic resonators.

Products

- Quartz Crystals
- Timing Devices
- Resonators
- Oscillators (PXO/XO)
- LVDS-Clock Oscillator
- LVDS-VCXP
- VCXO
- TCXO
- VCTXO
- PECL
- VCO

**AUTHORIZED
DISTRIBUTOR**

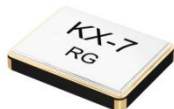

VCTCXO

GEYER Electronic has a comprehensive range of VCTCXO.

- Different package sizes, SMD and THT
- Frequency range from 1MHz to 40MHz
- Supply voltage 1.8V, 2.8V, 3.0V, 3.3V and 5.0V

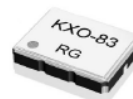

Advantages

- Perfect quality of the products
- Real 1:1 alternatives with favourable conditions
- Standard products ex stock
- Custom made products available within a short time even in small quantities
- Fair pricing policy
- Immediate reply to your inquiries
- Competent contact persons

GEYER Electronic crystals

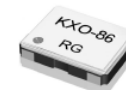

VCXO

GEYER Electronic offers a wide range of VCXOs for your requirements.

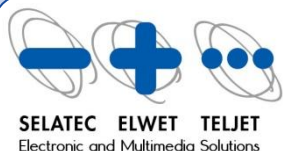

- Different package sizes, SMD and THT
- Frequency range from 1MHz to 155.52MHz
- Supply voltage 1.8V, 2.8V, 3.3V and 5.0V

TCXO

GEYER Electronic offers TCXOs for the highest quality standards.

- Different package sizes, SMD and THT
- Frequency range from 1.2MHz to 100MHz
- Supply voltage 1.8V, 2.5V, 3.3V and 5.0V
